Overview

CXS 206-1999 defines dairy terms and provides information on how to utilize the correct terms intended for milk and milk products. The document also references CXS 1-1985 *General Standard for the Labelling of Pre-packaged Foods*, and provides guidance on labelling dairy products appropriately. For non-retailer containers, labelling should follow in accordance with CXS 346-2021 *General Standard for the Labelling of Non-Retail Containers of Foods*.

Following this document will ensure that dairy products are labelled properly and use the correct dairy terms, preventing confusion or mislabelling.
