

TECHNICAL REQUIREMENTS FOR PHARMACEUTICAL AND NUTRITION PRODUCTS 5TH EDITION

Document Location: Requirements and Specifications - UNICEF Specifications

Alternate Name: Not Applicable

Date Document Last Updated: 2017

Publisher: UNICEF

Date Uploaded to Website: June 6, 2024

Overview

This document outlines technical requirements needed to supply pharmaceutical and nutritional products to UNICEF. Following this document ensures that pharmaceutical and nutrition products processors and manufacturers are producing products that are safe for consumption and human health and meet required quality and regulatory standards.

The document provides required product information on product dossiers, certificate of analysis, packaging and labelling requirements, required inspections and quality tests that need to be performed, as well as transport and shelf stability requirements and a summary of product characteristics. Information on declaring active ingredients, and submitting product dossiers and samples, and processes for notifications of changes are also provided.

Overall, manufacturers and suppliers should review this technical document in detail before supplying products to UNICEF.
